I. Read the budget estimates of the Hassan District Board, compiled by the Finance Committee, for the year 1908-09.

*Resolution.*—Resolved that the budget estimates be passed and sent up to Government for sanction.

II. Read Government Proceedings No. 6130-1—L. B. 167-07-3, dated the 27th December 1907, sanctioning the establishment of a toll-gate near Vanagur on the Bisleghat road from 1st January 1908 and to incur an expenditure of Rs. 180 on account of toll-gate charges for six months, *i. e.*, till the close of the official year for working the gate by amani.

*Resolution.*—Recorded.

III. Read Government Proceedings No. 5186-9—L. B. 321-06-12, dated 4th December 1907, according sanction to the establishment of a toll-gate on the Mysore side of Kyatehole, on the Arkalgud-Kodipet-Manjarabad road from 1st April 1908.

Read also correspondence ending with Saklespur Sub-Division Officer's letter No. 481, dated 18th January 1908, concerning the above subject.

*Resolution.*—Resolved that a toll-gate be opened on the Manjarabad Taluk side of the Kyathehole, with effect from 1st April 1908, with an establishment of two mutsaddis at Rs. 10 each per mensem and contingencies at Rs. 2 per mensem together with initial charges of Rs. 28, the cost being met out of Rs. 100 from "X. Miscellaneous (3) destruction of cover afforded to snakes."

IV. Read Subject No. V of the District Board Proceedings dated 13th May 1907, passing a resolution to the effect that the opinion of the Executive Engineer, Hassan Division, be obtained as regards the diversion of the road over the bund of the Budanur tank, so that the construction of a bridge across the halla falling into the Cauvery near Kerlapur may be abandoned.

Read Executive Engineer's docket No. 3081—258, dated 3—9th November 1907, intimating that the road may be conveniently deviated from 4/20 and taken across the adjoining ridge as shown in the plan furnished by him. The probable cost of the project is about Rs. 2,000.

Read also General and Revenue Secretary's docket No. 6056 -L. B. 54-05, dated 23rd December 1907, requesting the submission of a report with the Board's resolution on the above subject.

*Resolution.*—Resolved that the project as per tracing sketch received from the Executive Engineer be approved and submitted to Government. Considering the fact that this improvement will equally facilitate cart traffic of the Mysore District, it is further resolved that the District Board of Mysore be asked to contribute half the cost of the project, the total cost of which is estimated at Rs. 2,000 since this Board is unable to meet the entire cost owing to paucity of funds.

V. (1) Read para 8 of Government Proceedings No. 1378-92—San. 93-06-8, dated 10th August 1907, concerning the delegation of additional duties and powers to the Central and District Sanitary Boards, and the funds to be administered by them after consulting the Municipal and District Boards and the Central and District Sanitary Boards.

(2) Read also Sanitary Commissioner's No. 2803, dated 4th February 1908, on the above subject.

*Resolution.*—Resolved that this Board are of opinion that the District Sanitary Board should be a purely advisory body and that the Sanitary Inspector in each taluk should be still under the direct orders of the President of the District and the Municipal Boards, since the Government have directed that the Work Inspectors' posts should be abolished, when there will be no one to supervise the District Fund and Municipal works other than sanitary works; but the District Sanitary Officer would nevertheless supervise the execution of sanitary works.

Further resolved that the Board are of opinion that the non-execution of sanitary works has long been due to the want of funds rather than to the want of supervision and that unless the Government are prepared to allot additional funds to supplement the District Funds, very little can actually be done in the direction of improvement of sanitation even though the staff be increased.

V. (A) Read Sanitary Commissioner's docket No. 2474-80, dated 23rd January 1908, requesting that arrangements may be made to reduce the frontier Plague staff by the transfer to frontier taluks of qualified Sanitary Inspectors from other taluks, etc.

*Resolution.*—Resolved that this Board cannot at present find provision in its funds to appoint an additional Sanitary Inspector in this district for the Manjarabad Taluk. Owing to the importance of Arsikere as a place where there is a Railway Station and consequently frequent out-break of epidemics, the services of the Sanitary Inspector are very necessary and hence it is not possible to transfer him for the present.

VI. Read General and Revenue Secretary's docket No. 6566—L. B. 204-07-1, dated the 10th January 1908, requesting the submission of a report in consultation with the District Board, as regards Subject No. 132 of the Dasara Representative Assembly of 1907, concerning the reduction of fines on impounded cattle in the malnad.

*Resolution.*—Resolved that this Board are of opinion that the present rate of pound-fees levied in the malnad are by no means too heavy and is therefore quite

necessary to operate as a sufficient deterrent against cattle-trespass which causes much damage particularly in coffee estates.

VII. Read the General and Revenue Secretary's docket No. 6684—L. B. 219-07-1, dated the 13th January 1908, requesting the submission of a report as to whether the District Board is now in a position to undertake the work of constructing a road from Hole-Narsipur to Channarayapatna *vide* Subject No. 279 of the Dasara Representative Assembly of 1907.

*Resolution.*—Resolved that owing to paucity of the District Funds, it is not now possible to undertake this work.

VIII. Read the General and Revenue Secretary's docket No. 7818—Med. 140-07-2, dated the 7th February 1908, requesting that necessary action may be taken in the matter of constructing in-patient wards to the Female Dispensary at Hassan, in consultation with the District and Municipal Boards and the Chief Engineer *vide* Subject No. 267 of the Dasara Representative Assembly of 1907.

*Resolution.*—Resolved that as there are at present two in-patient wards attached to the Female Dispensary at Hassan, these appear sufficient.

IX. Read the General and Revenue Secretary's docket No. 7820—Med. 141-07-2, dated the 7th July 1908, forwarding Subject No. 283 of the Dasara Representative Assembly of 1907 *in re* construction of a separate building for the dispensary at Saklespur and requesting the submission of the views of the District Board.

(2) Read also the Chief Engineer's No. 8706, dated the 16th December 1907, concerning the same subject.

*Resolution.*—Resolved that the road in question is not a recognised District Fund road, nor is it maintained from District Funds. The Amildar of the Arkalgud Taluk will be requested to induce the villagers to improve this cart-track along the portions passing through their respective village limits.

XI Read Executive Engineer's docket No. 3146—264, dated the 18th—21st November 1907, forwarding a special improvement estimate of Channarayapatna-Sravanabelagola road, amounting to Rs. 2,181, and requesting that a special grant may be allotted for the work as otherwise the road may require more expenditure later on.

*Resolution.*—Resolved that, for want of funds, it is not possible to provide any special grant for this road and the Executive Engineer will be requested to improve it as far as possible from the annual grant of Rs. 50 per mile.

XII. Read Executive Engineer's No. 3292—278, dated the 28th November—2nd December 1907, forwarding an estimate amounting to Rs. 197 for widening two rough stone tunnels in Channarayapatna-Narsipur-Kodlipet road and applying for additional funds.

XIV. Read Executive Engineer's docket No. 3503—298, dated 17th—22nd December 1907, forwarding for countersignature an estimate amounting to Rs. 795, for deviating the road at ¾ mile of Manjarabad-Kodlipet road and requesting that a special provision may be made from other sources for this urgent work.

*Resolution.*—Resolved that the Board regret that it is impossible now to find funds for this work of diversion of the road at the heavy cost of Rs. 795, and suggest that a means be devised by the Executive Engineer to make the existing trace of the road passable at the point mentioned, at a moderate cost.

XV. Read Executive Engineer's docket No. 3549—304, dated the 26th December 1907, forwarding for countersignature, an estimate amounting to Rs. 238 for repairing the 3rd class travellers' bungalow at Chikanhalli in Belur Taluk.

*Resolution.*—Resolved that the cost of repairs will have to be met from the amount allotted under A. P. W. "II. Repairs, Reserve," as no other funds are available and it cannot be undertaken this year.

XVI. Read Executive Engineer's docket No. 7—1, dated 29th December 1907—2nd January 1908, requesting that additional funds to the extent of Rs. 1,000 may be placed at his disposal during the current year, under A. P. W. "II. Repairs and communications" so as to enable him to sanction such urgent works as the repairing of the 3rd class travellers' bungalow at Dandiganahalli at a cost of Rs. 330.

*Resolution.*—Resolved that owing to immediate urgency for repairs to the third class travellers' bungalow at Dandiganahalli, at a cost of Rs. 330, the provision of Rs. 150, under "X. Miscellaneous, (6) Supply of boats to ferries" be transferred to "A.

P. W. II. Repairs." so as to supplement the balance of provision available under the head to meet the cost of this work, and that Government sanction be obtained to this reappropriation.

XVII. Read Executive Engineer's docket No. 10, dated the 2nd—9th January 1908, forwarding for countersignature an estimate amounting to Rs. 470 for repairing the 3rd class travellers' bungalow at Hirisave, and requesting that arrangement be made to provide funds by reappropriation.

XVIII. Read Executive Engineer's docket No. 15, dated the 8th January 1908, requesting that Rs. 624 may be allotted to complete the "Special repairs to the Hassan-Arsikere road."

*Resolution.*—Resolved that for want of funds no special provision can be made, and that the Executive Engineer be requested to undertake any urgent special repairs with the increased annual allotment of Rs. 250 per mile.

XIX. Read Executive Engineer's docket No. 23, dated the 13—17th January 1908, forwarding estimates amounting in all to Rs. 550 for the repairs to the ferry boats at Gorur and Ganni ferries, and stating that additional funds may be placed at his disposal for executing these urgent works.

*Resolution.*—Resolved that funds are not available to meet the cost of such a large estimate which will be returned to the Executive Engineer for modification.

XX. (1) Read Executive Engineer's docket No. 3191—269, dated 21st—23rd November 1907, stating that the old bund of the Kamasamudra tank, Register No. 150 of the Arsikere Taluk, was being used by the villagers for carting manure, etc., and since the bund will now be raised to the standard height with a top width of 6 feet, it will not be possible for carts to go over the raised bund unless it is now made wider. This increase of width is estimated to cost about Rs. 1,632 and if provision can be made from District Funds, the bund will be given the extra width.

(2) Read also correspondence ending with the General Assistant Commissioner's yadi No. 1073, dated the 12th January 1908, intimating that the raiyats request that the bund be widened but that they are unable to pay any contribution towards this cost.
